Management Discussion and Analysis

The Group had a Hong Kong-based restaurant operation and management group that offers a variety of specialty cuisines in restaurants designed by award-winning interior and lighting designers.

During the three months ended 31 March 2018, the Group had been principally engaged in operating full services restaurants under various brands and was dedicated to serving quality Japanese, Thai, Vietnamese, Shanghainese and Italian cuisines to different customers. In addition to the restaurant operation business, the Group also provides restaurant management and consultancy services in Hong Kong and the PRC.

BUSINESS REVIEW

During the three months ended 31 March 2018 (the “**Review Period**”), the Group has opened one new restaurant namely 10 Shanghai Restaurant on 28 January 2018. Meanwhile, the Group has also closed the Sushi Ta-ke Restaurant in Cubus, Causeway Bay upon expiring of its lease, the restaurant was then relocated to Lee Garden and renamed as Ta-ke Japanese Restaurant (“**Ta-Ke**”) on 28 March 2018, serving a more variety of quality Japanese food.

As at 31 March 2018, the Group had a total of twelve restaurants under five self-owned brands, namely, Ta-ke, An Nam (including its junior brand, Petit An Nam), Modern Shanghai, 10 Shanghai and Hokkaidon and three franchised or sub-licensed brands, namely, Mango Tree (including its junior brand, Mango Tree Café), Gonpachi and Paper Moon. During the Review Period, none of our restaurants had undergone significant renovation.

As disclosed in the section headed “Future Plans and Use of Proceeds” in the prospectus of the Company dated 23 November 2017 (the “Prospectus”), the Group will continue to open new restaurants in Hong Kong going forward, and will invest in minority stake of up to 25% in certain holding companies of restaurants to be opened in the PRC.

FINANCIAL REVIEW

Revenue

During the Review Period, approximately 99.1% of the Group’s revenue was generated from the operation of restaurants in Hong Kong and approximately 0.9% of the Group’s revenue was generated from the pre-opening consultancy and restaurant management services. As at 31 March 2018, the Group was operating twelve (2017: nine) restaurants, of which one (2017: one) restaurant was newly opened, one (2017: no) restaurant was relocated and renamed and no (2017: no) restaurant was closed down during the Review Period.

The revenue of the Group increased by approximately 29.7% from approximately HK\$58.3 million for the three months ended 31 March 2017 to approximately HK\$75.6 million for the three months ended 31 March 2018. The increase in revenue in comparison was principally due to the increased number of restaurants in operation during the Review Period.

Management Discussion and Analysis

The Group served mainly five different cuisines during the Review Period. The table below sets forth a breakdown of the Group's revenue generated by operation of restaurants by type of cuisine and as a percentage of total revenue generated by operation of restaurants for the periods indicated:

	For the three months ended 31 March			
	2018		2017	
	Revenue HK\$'000	% of total revenue (%)	Revenue HK\$'000	% of total revenue (%)
Vietnamese	18,674	24.9	17,728	30.9
Thai	19,485	26.0	16,580	28.9
Japanese	14,898	19.9	17,357	30.2
Shanghainese	12,346	16.5	5,776	10.0
Italian	9,565	12.7	–	–
Total	74,968	100	57,441	100

Vietnamese-style restaurants

The revenue generated from operation of Vietnamese-style restaurants increased by approximately HK\$1.0 million, or approximately 5.3%, from approximately HK\$17.7 million for the three months ended 31 March 2017 to approximately HK\$18.7 million for the three months ended 31 March 2018. Such increase was due to reengineering of the menu of one of the restaurants in Yuen Long to cater for our targeted customers as well as better overall performance of other Vietnamese-style restaurants.

Thai-style restaurants

The revenue generated from operation of Thai-style restaurants increased by approximately HK\$2.9 million, or approximately 17.5%, from approximately HK\$16.6 million for the three months ended 31 March 2017 to approximately HK\$19.5 million for the three months ended 31 March 2018. Such increase was mainly due to the contribution from a new Thai restaurant opened in July of 2017.

Japanese-style restaurants

The revenue generated from operation of Japanese-style restaurants decreased by approximately HK\$2.5 million, or approximately 14.2%, from approximately HK\$17.4 million for the three months ended 31 March 2017 to approximately HK\$14.9 million for the three months ended 31 March 2018. Such decrease was resulted from the less number of days with business operations due to the closure of Sushi Ta-Ke restaurant in Cubus Causeway Bay since 15 February 2018 upon expiring of its lease, while the renamed new Ta-Ke restaurant was relocated and only opened on 28 March 2018.

Shanghainese-style restaurant

The revenue generated from operation of Shanghainese-style restaurant increased by approximately HK\$6.6 million, or approximately 113.7%, from approximately HK\$5.8 million for the three months ended 31 March 2017 to approximately HK\$12.3 million for the three months ended 31 March 2018. Such increase was mainly contributed by the revenue derived from 10 Shanghai Restaurant, which was opened on 28 January 2018, and the increase in revenue of our Modern Shanghai Restaurant located in YOHO Mall. The pedestrian flow of YOHO Mall was enhanced since the opening of a new MTR exit connecting to the mall in July 2017.

Management Discussion and Analysis

Italian-style restaurants

The revenue generated from operation of Italian-style restaurants was approximately HK\$9.6 million for the three months ended 31 March 2018. It was contributed by the revenue from an Italian restaurant namely Paper Moon Restaurant, which started its operation in third quarter of 2017.

Cost of inventories sold

The cost of inventories consumed mainly represents the costs of food ingredients and beverages for the operation of the Group's restaurants. The major food ingredients purchased by the Group include, but are not limited to, meat, seafood, frozen food, vegetables and beverages. Cost of inventories consumed is one of the major components of the Group's operating expenses which amounted to approximately HK\$15.6 million and HK\$19.7 million for each of the three months ended 31 March 2017 and 2018, respectively, representing approximately 26.8% and 26.1% of the Group's total revenue generated from operation of restaurants for the corresponding periods. Our management has been very conscious in striking the balance between food cost and food quality. Despite the continuous expansion of our restaurant portfolio and revenue, we have been able to maintain a relatively stable food cost as a percentage of revenue as we carried out continuous review and monitor of our costs, recipes, menus and customers feedbacks.

Staff costs

Staff costs primarily consist of salaries, wages and allowances, pension costs and other employee benefits, and were one of the largest components of the operating expenses of the Group. The staff costs increased from approximately HK\$20.1 million for the three months ended 31 March 2017 to approximately HK\$29.5 million for the three months ended 31 March 2018, representing an increase of approximately 46.5% in comparison. Such increase was mainly due to the expansion of the restaurant portfolio of the Group and the increase in the number of staff in relation thereto. As at 31 March 2018, the Group had 325 full-time and 68 part-time employees (2017: 258 full-time and 29 part-time employees). Moreover, given that 10 Shanghai Restaurant and Ta-ke Japanese Restaurant were opened during the Review Period, certain staff costs were incurred prior to the opening of the restaurants.

Due to the general increase in labour costs in Hong Kong, the salary level of employees in the catering industry in Hong Kong has generally increased in recent years. The Directors expect the staff costs to continue to increase as inflationary pressures in Hong Kong continue to drive up.

The Directors recognise the importance of retaining quality staff while believe that the resulting upward pressure on the total staff costs as a percentage of total revenue could be mitigated by (i) prioritising internal transfers and re-allocations of employees from existing restaurants; (ii) increasing productivity of the staff by providing training; and (iii) minimising attrition levels by continuing to implement various employee retention initiatives to promote employee loyalty and motivate the employees.

Rental expenses

The rental expenses for the three months ended 31 March 2018 amounted to approximately HK\$2.7 million, representing an increase of approximately 124.5% as compared with that of the three months ended 31 March 2017 which amounted to approximately HK\$1.2 million. Such increase was mainly due to increase in turnover rent and Government rates as the number of restaurants in operation has increased during the Review Period.

Utility expenses

Utility expenses primarily consist of electricity, gas and water supplies of the Group. For the three months ended 31 March 2018 and 2017, the total utility expenses amounted to approximately HK\$2.3 million and HK\$1.5 million, respectively. Such increase was mainly due to the increased number of restaurants operated during the Review Period.

Management Discussion and Analysis

Other operating expenses

The other operating expenses represent mainly expenses incurred for our operations, including cleaning, consumables, transportation and travelling, credit card commission, entertainment, repair and maintenance, insurance, legal and professional and marketing and promotion.

The other operating expenses increased from approximately HK\$5.6 million for the three months ended 31 March 2017 to approximately HK\$10.2 million for the three months ended 31 March 2018, representing an increase of approximately 84.5%. This was mainly incurred from the two new restaurants of approximately HK\$3.3 million during the three months ended 31 March 2018.

Depreciation, amortisation and impairment

Depreciation, amortisation and impairment of approximately HK\$11.7 million and HK\$18.4 million for the three months ended 31 March 2017 and 2018, respectively were recorded by the Group for its right-of-use assets, leasehold improvements, furniture and fixtures, catering and other equipment. The increase in such expense was mainly due to increase in number of new restaurants when compared to the same period in 2017.

Income tax expenses

The income tax expenses decreased from approximately HK\$131,000 for the three months ended 31 March 2017 to approximately HK\$19,000 for the three months ended 31 March 2018.

Finance costs

The Group's finance costs increased from approximately HK\$1.0 million for the three months ended 31 March 2017 to approximately HK\$1.7 million for the three months ended 31 March 2018 due to the increased amount of loan borrowings from the banks compared to that of the same period in 2017 as well as increase in finance cost aroused from right-of-use assets for the new leases entered for the new restaurants.

Loss for the period

The Group recorded a loss of approximately HK\$9.9 million for the three months ended 31 March 2018 as compared to a loss of approximately HK\$4.1 million for the corresponding period in 2017. The loss was mainly attributable to the pre-opening expenses and operating losses of approximately HK\$8.5 million of the two new restaurants incurred during the Review Period.

PROSPECT

Our strategic objective is to continue to develop our brand portfolio and expand our restaurant network by developing restaurants under our own brands and restaurants operating under different franchised or sub-licensed brands.

We will continue to develop our brand portfolio through means such as (i) refining our existing brands, (ii) diversifying our existing brands into junior brands and/or senior brands and (iii) launching new brands.

We also plan to open or invest in and manage more restaurants under our existing brands, refined brands and new brands. Specifically, we plan to open or invest in and manage seven new restaurants (three in Hong Kong and four in the PRC) in the year ending 31 December 2018, of which two restaurants have been opened in Hong Kong in the first quarter of 2018. For restaurants to be opened in the PRC, we only intend to hold a minority stake of approximately 25% in the operating companies of these restaurants and will manage these restaurants.

Management Discussion and Analysis

Hokkaidon

At the beginning of 2017, we opened Hokkaidon Restaurant in Cityplaza, Taikoo Shing, which focuses on Japanese sashimi rice bowls. Our Hokkaidon brand features imported seasonal ingredients selected by our supplier in Sapporo Central Wholesale Market and was well received by customers. To further enhance the presence of the Hokkaidon brand, we currently intend to open another Hokkaidon restaurant in 2018 in Hong Kong.

Mango Tree Café

Leveraging on the success of launching our Mango Tree Café (Taikoo) Restaurant, we further opened another Mango Tree Café (YOHO) Restaurant in July 2017 in YOHO Mall.

We also plan to expand the restaurant network of Mango Tree in the PRC by opening a Mango Tree restaurant and one Mango Tree Café restaurant in Guangzhou in 2018. We intend to manage all the new restaurants, and hold minority stake in the companies to be set up to hold new restaurants in the PRC.

Paper Moon

Following the closure of our Bella Vita Restaurant, we have decided to relaunch Italian cuisine within our portfolio through a new sub-licensed or franchise brand. In March 2017, we entered into the Paper Moon Sub-license Agreement with the licensee of "Paper Moon", a brand originated from Milan. Our Paper Moon Restaurant, which was the first restaurant under this sub-licensed brand, was opened in September 2017 in Harbour City.

Ta-ke

For the three months ended 31 March 2018, we refined the brand image of our Sushi Ta-ke Restaurant as a new restaurant under the "Ta-ke" brand which offers a broader variety of fine-dining Japanese cuisine, namely Ta-ke Japanese Restaurant. Ta-ke Japanese Restaurant offers three major types of Japanese speciality cuisines namely (i) teppanyaki, (ii) tempura, and (iii) sushi and sashimi. Given the wider cuisine offering, we would require additional space to cater for the equipments and cooking facilities. We have relocated our Sushi Ta-ke Restaurant from Cubus to Lee Garden Two, which has a higher pedestrian flow. The restaurant has commenced its operation on 28 March 2018.

In accordance with the plan as stated in the Prospectus, Sushi Ta-ke Restaurant in Cubus was closed following the end of the relevant lease term.

Modern Shanghai and 10 Shanghai

In addition to the opening of Ta-ke during the three months ended 31 March 2018, we also developed a senior brand under the Modern Shanghai concept which serves upscale Shanghainese dishes with a more sophisticated layout as compared to our Modern Shanghai Restaurant, namely "10 Shanghai". The restaurant has commenced its operation on 28 January 2018.

To further expand the restaurant network of our Modern Shanghai brand, we also target to open two new restaurants in Guangzhou in 2018. We intend to manage all these new restaurants, and hold a minority stake in the companies to be set up to operate the new restaurants in the PRC.

Further develop our restaurant pre-opening and management consultancy services in the PRC

Leveraging on our knowledge and experience in the food and beverage industry, we also provide restaurant pre-opening consultancy and restaurant management consultancy services. Our Directors consider that the food and beverage industry in the PRC has significant growth potential and expect that there will be an increasing demand for restaurant consultancy services. Therefore, we intend to establish a local presence in the PRC by setting up a Shenzhen office as a contact point for our customers in the PRC, through which we would be able to enhance our service quality and manage restaurant pre-opening projects and restaurant operation management projects more conveniently and efficiently.

Looking ahead, the Group will endeavor to strengthen the development of its existing businesses and to provide steady return as well as growth prospects for the Company's shareholders (the "Shareholders").
